BUSINESS & REGULATORY CONSULTANCY

PT MULTI RESOURCE SOLUTIONS

CORPORATE · LICENSING · BUILDING COMPLIANCE · EXPORT-IMPORT · PROCUREMENT

BUILT FROM REAL BUSINESS NEEDS

From cross-border business to multidisciplinary consultancy.

MRS originated in 2021 as a CV specializing in export-import and cross-border consultancy. Close collaboration with businesses entering Indonesia uncovered broader and more complex needs, including company establishment, foreign investment, licensing, compliance, immigration, and operational permits. This progression repositioned MRS as a multidisciplinary consulting partner. In 2024, it marked a new chapter with the establishment of PT Multi Resource Solutions in Jakarta.

- **2021** Cross-Border Beginnings
- **2021-2023** Expanded Business Support
- **2024** PT Multi Resource Solutions
- **2024-Present** Multidisciplinary Consultancy

SUPPORTING BUSINESS FROM STRUCTURE TO OPERATION

MRS coordinates corporate establishment and corporate actions through document preparation, notarial coordination, government administration and OSS synchronization.

- Company Establishment – PMDN and PMA
- Corporate Structuring and Restructuring
- Corporate Amendment and Name/Data Changes
- Capital Increase and Share Transfer
- Shareholder, Director and Commissioner Changes
- Branch Establishment and Branch Amendment
- Corporate Resolutions and Notarial Coordination
- Beneficial Ownership and AHU Administration
- Corporate Data and OSS–RBA Synchronization

NAVIGATING BUSINESS REGULATION WITH A CLEAR PATH

From initial requirement mapping to submission, clarification, synchronization and final documentation.

- OSS-RBA and NIB Administration
- KBLI and Business Activity Mapping
- Standard Certificates and Sectoral Licensing
- LKPM and Investment Reporting
- PKKPR, RDTR and Location Requirements
- Environmental Documentation and SPPL
- Manpower and BPJS Compliance
- Corporate Immigration and Sponsor Administration
- Trademark and Tax Administration Coordination
- Periodic Regulatory Compliance

FROM BUILDING DOCUMENTATION TO OPERATIONAL READINESS

MRS coordinates administrative, technical and regulatory requirements for building and operational licensing, including the specialists and government processes required for completion.

- Persetujuan Bangunan Gedung (PBG)
- Sertifikat Laik Fungsi (SLF)
- SIMBG Submission and Monitoring
- Building Legality and Existing Document Review
- Architectural, Structural and MEP Coordination
- As-Built Documentation Coordination
- Technical Consultant and Site Coordination
- Government Clarification and Revision
- Environmental and Supporting Requirements
- Operational Licensing Coordination

WHERE THE MRS JOURNEY BEGAN

Trade was the beginning. Today, that experience remains part of a broader consulting capability supporting sourcing, suppliers, procurement and cross-border commercial requirements.

- Export-Import Consulting
- Cross-Border Business Support
- International Supplier Coordination
- Supplier and Vendor Mapping
- Product, Material and Equipment Sourcing
- Procurement Coordination
- Buyer-Seller Coordination
- Commercial and Supporting Trade Documentation
- Local Execution and Stakeholder Coordination

How We Work

01 UNDERSTAND

Clarify the business requirement, context and expected outcome.

02 ASSESS

Map regulatory, commercial, technical and operational requirements.

03 STRUCTURE

Define the process, documents, stakeholders and responsibilities.

04 COORDINATE

Align specialists, notaries, consultants, vendors and relevant parties.

05 EXECUTE

Drive preparation, submission and required operational actions.

06 MONITOR

Track dependencies, clarifications, revisions and next actions.

07 DELIVER

Complete the agreed scope and hand over the final output.
